Profile

Front-end Developer skilled in modern **JavaScript** frameworks, **responsive design**, and **state management**, focused on building **interactive** and **high-performance** web applications.

Skills

Front-end: HTML, CSS, Bootstrap, JavaScript, TypeScript, React, Angular – **Back-end:** Node.js, RESTful APIs – **Tools:** Git, CI/CD, Jira, Figma, Slack, BASH – **Databases:** SQL, MongoDB, PostgreSQL – **State Management:** Redux, RxJS – **Salesforce:** LWC, Apex, SOQL, SOSL, Visualforce, Administration

Professional Experience

Software Engineer

07/2023 - Present

Deloitte USI

- Led **front-end development** for **Nutricia (Danone Brand)**, building a **Salesforce-based patient management system** that streamlined **appointment tracking** and **prescription handling**.
- Delivered a **role-based access control system** with a **dynamic UI**, ensuring **100% compliance** with **patient confidentiality laws** and enabling **real-time hospital inventory monitoring**.
- Automated **appointment scheduling** and **supply tracking** using **Salesforce Triggers and Flows**, reducing **manual workload by 80%**.
- Designed and enhanced **Salesforce LWC** and **React-based front-end applications** using **virtual DOM updates**, **lazy loading**, and **API request batching**, reducing **page load times by 35%**.
- Headed the build of a **secure, multi-tiered insurance management platform** for **TransAmerica Corporation** with **Salesforce LWC components**, serving over **10,000 users** including executives, agents, and customers.
- Created and deployed a **granular permission model** enabling **role-based data access**, which decreased **unauthorized data views by 95%** and aligned with stringent **data governance policies**.
- Improved **API efficiency** in **LWC components** via **asynchronous data loading** and refined **SOQL queries**, which cut **dashboard load times by 50%** for **real-time insurance data retrieval** and reduced **server response times by 40%**.

Software Engineering Intern

03/2023 - 04/2023

Kreeas Technologies

- Built interactive **financial risk dashboards** with **Angular** and **NgxCharts**, enabling **real-time analysis** across five key risk categories and reducing **financial reporting time by 60%**.
- Leveraged **state management** using **RxJS**, improving **data handling efficiency** and boosting **dashboard performance by 70%**.

Software Engineering Intern

09/2021 - 11/2021

Techweirdo

- Developed a **chatbot solution** integrating **Node.js** for backend logic and **NLP processing via Dialogflow API**, resulting in a ****60% surge**** in audience interaction .
- Architected an **intuitive UI using Angular and Bootstrap**, achieving a **45% enhancement in user engagement metrics** through streamlined navigation and cross-device optimization.
- Optimized **chatbot performance** using **real-time analytics** and **A/B testing**, enhancing **conversational intelligence** and trimming average response time by **40%**.

Projects

Sales Performance Dashboard

- Developed a **React and Node.js-based dashboard** to provide **real-time sales analytics**, which drove a **25% uplift in data-informed decision-making** among sales teams.
- Enhanced **data accessibility** and **report generation efficiency by 35%** by implementing **role-based permissions**, and enabling **offline reporting via automated Excel/PDF exports (using SheetJS)**.

Personal Finance Tracker

- Designed a **full-stack financial management system** with **Angular, MongoDB, and Node.js** to automate **budget tracking**, enable **financial goal setting**, and **categorize expenses**, achieving **30% greater accuracy in financial forecasts** for users.
- Ensured **secure transactions** and compliance with **financial data protection standards** through **authentication and data encryption**, maintaining a **100% record of secure user data** and **zero security breaches** to date.

Education

B.E. in Information Technology

06/2019 - 06/2023

Chaitanya Bharathi Institute of Technology, 7.9 CGPA

Certifications

Salesforce Certified Administrator — Issued by **Salesforce**
